TASTING NOTES

Step off the beaten track and explore a different side of French wine. This 6 bottle case brings together bottles from lesser-known regions, under-the-radar producers, and distinctive grape varieties.

1 x Domaine des Amadieu Mediterranee 'L'Oranginal' A 10-day maceration of biodynamically grown Roussanne and Viognier grapes gives this orange-tinged colour. Light tannic texture and beautiful aromatic freshness. Small quantity with a production of only 1,000 bottles per year.

1 x Domaine Aupy Loire - Vin Mousseux 'Emoustille' Ruby colour with cherry highlights. Lively with notes of very ripe red fruits. Smooth and sweet, ideal for dessert.

1 x Pierre Cros Languedoc - Vin de France 'Piquepoul Noir de Mamie' This old grape variety from the Languedoc produces a fine and elegant wine, as well as a very interesting level of aroma.

1 x Domaine Matray Beaujolais - Beaujolais Blanc 'Charme' The Beaujolais Blanc represents 2% Beaujolais of production - This rare wine is so often underestimated.

1 x Domaine Nigri South West - Jurancon 'Confluence' With rare grapes Camaralet and Lauzet, blended with Gros Manseng, this complex dry wine has aromas of spice and pepper, a hint of acidity, and a delicious flavour of apple.

1 x Vignoble d l'Eccasserie Loire - Vin de France 'I love P'tit Gris' The intense and complex nose will reveal exotic aromas with a touch of white pepper. The mouth is round and fruity with an intense finish.
