DOMAINE LES ASSEYRAS

For 4 generations, Domaine Les Asseyras has repeated the gestures and know-how of their ancestors from their establishment in 1937. This seniority has given them a geographical extent.

Today the estate cultivates its lands from Tulette to Valréas, which gives their wines complexity, a palette, and a diversity of terroirs to give their wines their own unique flavours. Concerned about its environment, the Domaine has been converting to organic farming since 2023. It strives to conserve and develop biodiversity, both natural (plot edges) and domestic (within the plots).
