VOLUME 12.5%

DOMAINE POULLEAU

Domaine Poulleau was founded in 1960. Michel and Jacqueline, his wife, started this activity together. In 1983, their son Thierry took part in the adventure, later then joined by his wife Florence. Together, they took over the management of the estate in 1996. Attached to working the soil and the vines, they opted for sustainable viticulture on the entire 8 Ha estate.
