TERRE DES 2 SOURCES

Terre des 2 Sources came about from the collaboration of two couples who each had a similar dream: to find the right land and environment to craft exceptional wines. It didn't take too long for them to locate a gem just south of the Cévennes mountains, Domaine de la Devèze. With a variety of soils, slopes and aspects residing in a climate moderated by higher elevation and proximity to the mountains, the vineyards can produce wines of complexity and elegance.
